This is what is waiting for you in Thailand...

Saturday 16 March. Arrival day.

The group assembles at Bangkok's beautiful Suvarnabhumi International Airport, and head for our stunning resort hotel in Pattaya. Centrally located for easy access to get out of town for golf, and into the city centre for shopping and nightlife, we've been staying at this hotel since 2004 – and for good reason!

After checking in we'll unpack and freshen up before getting together for an ice-cold beer and a quick chat about the week ahead, and then head out for an orientation walk and a trip down Beach Road on the local Baht Bus.

Pattaya has pretty much an unlimited number of dining options available – from street food to local cuisine, Indian to Mexican, western and much more – so we're sure that no matter what your preference you will find a dining option that suits your taste.

Sunday 17 March. Exploring and shopping.

After our sumptuous breakfast we had out for an orientation walk and to explore the town. The bars, the restaurants, the shops, the banks, the entertainment. You will soon learn where everything is.

Monday 18 March. Golf at Burapha Country Club

Set among rolling hills near the Gulf of Thailand, Burapha Golf Club is one of the most picturesque and famous golf courses in Pattaya. The course runs beside a hill and thus takes its many features from the large rocky outcrops, boulders, cactus, and other native fauna that feature in the local terrain. The greens are slightly elevated and vary from large to small – all with subtle undulations. We're getting off to a great start!

Remember that single use golf carts and caddies are part of the package for every course you play! The caddies are legendary and most of them are good golfers themselves, so you will be well looked after with their local knowledge to help you with your lines and getting acquainted with the local conditions.

This evening head down to the waterfront to take in the buzz before enjoying a traditional Thai meal overlooking the ocean.

Tuesday 19 March. Day at leisure.

Whether you're just wanting to put your feet up and relax next to the pool, head out and explore, hit the shops or take a boat to the islands, today is just for you and what you want to do to really get into your holiday.

There are several great islands off the coast of Pattaya, some visible from the mainland. A short boat ride transports you into a whole different world – where sun loungers, cocktails, seafood and good vibes are the order of the day and relaxation is the most important of them all.

Serenity Cruises offer a full day, three island catamaran experience which includes snorkelling, fishing and a good party enroute along with a superb buffet. It's the perfect detachment from city life, and you're sure to come back relaxed and refreshed.
